The Silverstein Brokerage Co. says: Financial uncertainty dominated the market today and the result of continued depression was lower prices for cotton.

The bullish week-end figures availed nothing as the spinners are still waiting to buy their supply after the prices got lower, their belief being that the money situation is in such shape that prices will work still lower.

Exporters are still handicapped by the exchange market being in such bad shape and those who are holding the staple are beginning to feel the effect of the money stringency.

Bears are not aggressive, but stand ready to hammer prices at every upturn and spots are showing little strength and it begins to look as if prices must go lower before consumers will begin to buy much cotton.

The weather prospect is not so favorable and considerable rain fell in the past 24 hours in the eastern belt. Complete ginning report gives 4,407,000 bales ginned, more than expected.

We do not look for any immediate advance in the general market because there will be renewed liquidation breaking out, but the situation is clearing and the tide has turned. Stocks bought by the supporters of the market will be coming out on rallies and naturally sharp breaks are to be expected but there should be stocks bought on such breaks.

The amount brought in sight this week was 454,127, against 580,978 last year, and 443,988 the year before.

Movement since Sept. 1, 1937-1938, against 2,007,111 last year, and 2,127,986 the year before last. World's visible supply shows increase for the week 108,888, against an increase of 360,251 last year and an increase of 113,994 year before last.

## Spinners' Takings

This week 248,000 this year against 212,000 last year and 207,000 year before last. Total since Sept. 1, this year 1,408,000, against 1,438,000 last year and 1,622,000 the year before.

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address P. J. Cheney & Co., Toledo, Ohio. Sold by all druggists, 75 cents.

## HURLED WATERMELONS

Passengers in Panic at Joke of Boys Thought to be Bombs

Morning Times Special.

Burlington, N. J., Oct. 26.—Water melons were used as missiles in an attack on a Philadelphia express by a quartet of juvenile culprits near Stevens Station.

Lined up on top of an embankment

as the train shot through a cut, each youth hurled a big juicy melon. The crash of broken glass, with the sight of over-ripe, blood-colored fruit pulp scattered over passengers, made them think momentarily that they had been the victims of a Black Hand bomb plot.

When the disfigured passengers discovered the real cause of their panic there were many appeals for the crew to run the train back. Only the fact that it was late and that a rear brakeman had seen the quartet scurrying away prevented a spanking party from being organized.

Several passengers had narrow escapes from broken glass. Walter Jenkins, of New York, was badly cut about the face and his clothes were ruined. Police and railroad detectives are seeking the guilty youths and expect to issue warrants for their arrest.

## SHOULD SAVE THIS ANYWAY

Put it in a Safe Place, for it May Come Handy

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe: try it.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Serru, Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to remove all blood disorder, and cure the Rheumatism by forcing the Kidneys to filter and strain from the blood and system all acid, acid and foul, decomposed waste matter, which cause these affliction. Try it if you aren't well. Save the prescription.

LETTER TO A. C. HEDRON  
Greenville, Miss.

Dear Sir: Such experiences as this are occurring all over the country.

Judge I. D. Fairchild owns two houses, exactly alike in Lufkin, Tex. J. M. Torrence painted both houses one Devco, 15 1/2 gallons; the other with another paint sold at same price 25 gallons. That 25 gallon paint is weak and 15 per cent whitening; that's why it took 9 1/2 gallons more.

You can learn for nothing what he had to pay for.

Yours truly,  
F. W. DEVOE & CO.
